Dear Iffat Salaam:

RE: PKBIO200C Compostable Sealant Film

This is further to our email of August 07, 2018 and in response to your email of April 10, 2018, wherein you requested our comments on the acceptability of the subject product for use in food packaging applications.

The subject biodegradable film is intended for use in direct contact with dry foods excluding infant formula.

Please note that the review conducted by this Bureau relating to the use of food contact materials has a food safety focus only. It is the responsibility of the seller and user of such products to ensure that other safety related aspects (*i.e.* biodegradability) are appropriately addressed.

Based on the information provided, we can advise that we see no reason to object to the use of the subject product as proposed, provided it is technically suitable for the intended end-use.

Yours truly,

Khadejeh Ziabasharhagh
