Dear Mr. Karim,

RE: BLB-Clear

This is in response to your letter of September 15, 2014, wherein you requested our comments on the acceptability of the subject bag for use in food packaging.

The subject bag will be used in direct contact with greasy solids (such as lard), poultry, pork, and meat under fresh, chilled or frozen conditions.

Based on the information provided, we can advise that we see no reason to object to the use of the subject product for use as indicated, provided it is technically suitable for the intended end-use

Yours truly,

Mirka Falicki
