**Sustainable Solution
for Organic Waste
Collection**

Composting is no longer an afterthought. Polykar's certified compostable bags serve their purpose well and lend themselves perfectly towards the global consumer demand for environmentally responsible packaging. This is where quality meets sustainability as we continue to set the bar in the janitorial and sanitation market across North America with our eco-friendly product. **Compost More. Waste Less. It Matters.**

The Polykar Know-How

Our certified compostable bags are easy to open, lightweight, waterproof and more practical than paper bags. They even hold your heavy compost loads.

Jump on the BAGwagon

Our bags are certified, safe and accepted at composting facilities across North America.

Leave Nothing Harmful Behind

Nearly 23% of what is thrown away in our garbage is recyclable food scraps. But food isn't waste, it's a resource that can be put to secondary use. Happy composting!

Partner with Us

Our bags are here to help support the success of composting programs while keeping things as affordable and convenient as possible for your customers.

Size (Inches)	Product Code	Gauge (Mil)	Bags/ Roll	Rolls/ Case	Bags/ Box	Weight/ Box (lbs)
17.00 x 17.00	PKBIO1717	0.70	50	10	500	9.20
