

# STEPS

**1. Choose the right bag.**  
Get certified compostable bags from Polykar.

**2. Properly sort your waste.**  
In the compost bag you can put green waste, leaves, table scraps and all other organic matter.

**3. Place everything in a compost bin.**  
Our bags help support the success of composting programs.

**4. Back to earth.**  
A return of organic matter to the soil.

**5. The golden rule.**  
Repeat this ecological solution for the collection of organic waste.
