Product Offering

Heavy-duty contractor garbage bags of **33" x 48"** with **3 Mil thickness** are perfect for construction sites, home renovations, or large-scale cleanups where durability is paramount. They can hold up to **159 litres** and are sold in a **box of 32 bags**.

The GREEN Standard

Green Home bags are proudly made from **100% recycled resin and are manufactured right here in Canada**.

Environmental Leadership

Our bags are proudly ECOLOGO® certified.

The GREEN Light

As a contractor or a do-it-yourselfer, you need bags you can count on. These top-notch garbage bags boast a superior level of **puncture and tear resistance**.

With exceptional durability, our heavy-duty bags have an impressive capacity to hold a substantial amount of waste.

This means fewer bag changes and increased efficiency.
